Mission Statement

The Drop Inn Center is a community of residents, staff and volunteers working together to provide basic human services for men & women experiencing homelessness with a primary commitment to shelter.

We believe everyone has the right to shelter. Respect for the dignity of each person experiencing homelessness drives the work of our staff and volunteers, and is expected as well from the residents themselves as we work together to address the very complex issues of homelessness. Showing consideration for the dignity of our residents is reflected in the way they are welcomed into the center and extends to the cleanliness of our dormitories and common areas.
